Rio Waits His Turn

Move Power

Rio loves to hop. He hops the highest of all the friends.

Today the friends are building a tall tower of blocks.

“My turn! My turn!” says Rio, and he hops right over Kiti.

The tower wobbles. And down it comes.

Kiti looks at the floor. Rio's ears go down too.

"I did not wait," says Rio. "I am sorry, Kiti."

So they build again. Kiti, then Toti, then Rio. One at a time.

The tower is taller than Moo! "Hop to it!" laughs Rio.

The end
